Email To,

Deputy Director General of Forests,
(IRO Gandhinagar <iro.gandhingr-mefcc@gov.in>
Ministry of Environment Forest and Climate Change,
A Wing - 407 & 409, Aranya Bhawan,
Near CH-3 Circle, Sector-10A, Gandhinagar - 382010

Subject: Regarding the Half-Yearly compliance report for the period of **April-2024 to September 2024.**

Reference: Environment Clearance obtained from MoEF&CC EC Identification No. EC22A017GJ128773 and File No. IA-J-11011/458/2021-IA-II(I). dated 08th June 2022

Respected sir,

With reference to the above mentioned subject, the unit is enclosing herewith the Environmental Clearance compliance report for the period of April 2024 to September 2024 of Environment Clearance obtained for the "Setting up of pesticides and pesticide-specific intermediates 5(b) & Synthetic Organic Chemicals 5(f)." at Plot No.41/1, GIDC Notified Industrial Estate, Jhagadia, Dist: Bharuch..

We would like to submit to you that currently, the unit has not converted EC into CCA and the project implementation activity (construction activity) is under progress.

The compliance report is supported with required documents.

Thanking you

For, Aarti Industries Limited

Authorized Signatory

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

No.	Conditions	Status																																																																			
2	The Ministry of Environment, Forest and Climate Change has examined the proposal for Environmental Clearance to the project for Setting up of pesticides and pesticide specific intermediates & Synthetic Organic Chemicals of capacity 201480 TPA located at Plot no. 41/1, GIDC Notified Industrial Estate, Jhagadia, District Bharuch, Gujarat by M/s Aarti Industries Limite	Noted																																																																			
3	The project/activity is covered under Category 'A' of item 5(b) and 5(f) of Schedule of Environment Impact Assessment (EIA) Notification and requires appraisal at Central Level by Expert Appraisal Committee (EAC).	Noted																																																																			
4	The details of products and capacity are as under:																																																																				
	<table border="1"> <thead> <tr> <th>S. No.</th> <th>Product</th> <th>CAS Number</th> <th>Quantity (TPA)</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Fomesafen</td> <td>72178-02-0</td> <td>1000</td> </tr> <tr> <td>2</td> <td>Prodiamine</td> <td>29091-21-2</td> <td rowspan="3">3000 (either/or)</td> </tr> <tr> <td>3</td> <td>Diflufenican</td> <td>83164-33-4</td> </tr> <tr> <td>4</td> <td>Oxyfluorfen</td> <td>42874-03-03</td> </tr> <tr> <td>5</td> <td>Triflumuron*</td> <td>64628-44-0</td> <td rowspan="2">16000</td> </tr> <tr> <td>6</td> <td>Metolachlor</td> <td>51218-45-2</td> </tr> <tr> <td>7</td> <td>Mesotrione</td> <td>104206-82-8</td> <td rowspan="3">3000 (either/or)</td> </tr> <tr> <td>8</td> <td>Diafenthiuron</td> <td>80060-09-09</td> </tr> <tr> <td>9</td> <td>Aclonifen</td> <td>74070-46-5</td> </tr> <tr> <td>10</td> <td>Chlorothalonil</td> <td>1897-45-6</td> <td rowspan="2">16000</td> </tr> <tr> <td>11</td> <td>Dicamba</td> <td>1918-00-9</td> </tr> <tr> <td>12</td> <td>Diquat dibromide</td> <td>85-00-7</td> <td>4000</td> </tr> <tr> <td>13</td> <td>Diuron</td> <td>330-54-1</td> <td>8000</td> </tr> <tr> <td>14</td> <td>Bromoxynil</td> <td>1689-84-5</td> <td rowspan="3">2000 (either/or)</td> </tr> <tr> <td>15</td> <td>Bromoxynil Octanoate</td> <td>1689-99-2</td> </tr> <tr> <td>16</td> <td>Bromoxynil Heptanoate</td> <td>56634-95-8</td> </tr> <tr> <td>17</td> <td>Mecoprop-P (MCP)</td> <td>16484-77-8</td> <td rowspan="2">2100 (either/or)</td> </tr> <tr> <td>18</td> <td>4-Chloro-2-methylphenoxy acetic acid (MCPA)</td> <td>94-74-6</td> </tr> </tbody> </table>	S. 5	The PP reported that Proposed land area of the project is 112435 m2. Industry will develop greenbelt in an area of 33.06% i.e. 37166 m2 out of		Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	total area of the project. The estimated project cost is ₹ 1669.80 Crore. Total capital cost earmarked towards environmental pollution control measures is ₹ 87Crore and the Recurring cost (operation and maintenance) will be about ₹ 165 Crore. Total direct employment will be 150 persons. Industry proposes to allocate ₹10.15 Crore towards CER which includes Health & Hygiene Project, Environment & Water Conservation Project, Education etc.	
6	The PP reported that there are No national parks, wildlife sanctuaries, Biosphere Reserves, Tiger/Elephant Reserves, Wildlife Corridors etc. within 10 km distance from the project site. River/ water body Amravati river, Kaveri River, KondhkiKhaadi& Kim Nadi is flowing at a distance of 2.64 kms to S, 6.04 kms to NNE, 6.89 kms to SW & 9.02 kms to SSE in direction respectively. PP reported that there is one of Schedule-I species i.e. Peacock (Indian peafowl) and the conservation plan with budgetary provision of 2 Lakh has been prepared and submitted to Deputy Conservator of Forests, Bharuch on 21.03.2022. PP committed to implement the plan in five years.	Noted and agreed to comply.
7	The PP reported that Ambient air quality monitoring was carried out at 8 locations during March 2021 to May 2021 to and the baseline data indicates the ranges of concentrations as: PM10 (58.1-77.4 µg/m ³), PM2.5 (29.8 - 39.6 µg/m ³), SO ₂ (7.0 - 12.1 µg/m ³) and NO ₂ (12.5-17.5 µg/m ³).AAQ modelling study for point source emissions indicates that the maximum incremental GLCs after the proposed project would be 69.69 – 78.20 µg/m ³ , 10.17 – 12.18 µg/m ³ and 15.51 – 20.11 µg/m ³ with respect to PM10, SO _x and NO _x . The resultant concentrations are within the National Ambient Air Quality Standards (NAAQS).Average noise level was recorded 53.5 to 54.9 dB(A) at residential area and 53.5 dB(A)at project site during day time. Average noise level was recorded 43.7 to 44.8 dB(A) at residential area and 43.7dB(A) at project site during night time. Noise level monitoring was carried out 1.0 meter away from State Highway – 165. Average noise level was recorded 75.6 dB(A) during day time and 72.1 dB(A) during night time.The soil at the studied locations are neutral in reaction and moderately saline (EC > 0.8 dS/m). The soils are medium to high in nitrogen, low in phosphorus and high in available potassium status. The results for all the locations are within the drinking water permissible limit as per the IS:10500: 2012 except Talodara village water.	Noted.
8	The PP reported that total water requirement is 9330 m ³ /day of which fresh water requirement of 4278.1 m ³ /day will be met from GIDC. Effluent of 5387quantity will be treated through ETP+ATFD+ETP+RO+STP.	Noted and agreed to comply.
9	The PP reported that Power requirement after expansion will be 32000 including existing KVA and will be met from DGVCL, Gujarat. Unit has DG sets of 6 nos. of 2000 kVA capacity, additionally DG sets are used as	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	standby during power failure. Stack will be provided as per CPCB norms to the proposed DG sets.	
10	Details of solid waste/hazardous waste disposal and process emissions generation and its management are as per the plan provided in the EIA & EMP report and as deliberated in the EAC.	Noted and agreed to comply.
11	The ToR has been issued by the Ministry, vide letter No.J-11011/458/2021-IA-II(I) dated 16.11.2021. The public hearing for the proposed project is exempted in pursuant to Ministry OM No. J-11011/321/2016-IA.II (I) dated 27.4.2018 as it is located in Notified Industrial Estate, Jhagadia. As informed by PP, no Litigation is pending against the proposal.	Noted.
12	<p>The proposal was considered by the Expert Appraisal Committee (Industry-3 Sector) in its 29th and 31st meetings held during 11-12 April, 2022 and 11-12 May, 2022 respectively, wherein the project proponent and their accredited consultant M/s Eco Chem Sales and Services [Accreditation number NABET/EIA/2023/RA0181 validity till 3.2.2023] presented the EIA/EMP report. The Committee found the EIA/EMP report and reply of PP satisfactory and recommended the project for grant of environmental clearance. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed at http://parivesh.nic.in</p> <p>The EAC noted that the Project Proponent has given an undertaking that the data and information given in the application and enclosures are true to the best of his knowledge and belief and no information has been suppressed in the EIA/EMP reports. If any part of data/information submitted is found to be false/ misleading at any stage, the project will be rejected and Environmental Clearance given, if any, will be revoked at the risk and cost of the project proponent.</p> <p>The Committee noted that the EIA/EMP reports are in compliance of the ToR issued for the project, reflecting the present environmental status and the projected scenario for all the environmental components. The Committee deliberated on the proposed mitigation measure towards Air, Water, Noise and Soil pollutions. The Committee suggested that the storage of toxic/explosive raw materials/products shall be undertaken with utmost precautions and following the safety norms and best practices.</p> <p>The Committee noted that the EIA/EMP reports are in order and compliance of the ToR issued for the project, reflecting the present environmental status and the projected scenario for all the environmental components. The Committee deliberated on the proposed</p>	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	<p>mitigation measure towards Air, Water, Noise and Soil pollutions. The Committee also suggested that the storage of toxic/explosive raw materials/products shall be undertaken with utmost precautions and following the safety norms and best practices.</p> <p>The Committee also deliberated on the pesticide usage and the effect of pesticide on Crops and pests. The Committee also deliberated on the points raised during the last 29th EAC Meeting and found it to be satisfactory.</p> <p>The Committee also deliberated on utilization of biomass in boilers and quantitative carbon footprint for proposed project, life cycle assessment of the proposed project. The information submitted by the PP in this regard is found it to be satisfactory. The EAC also deliberated on the conservation plan for schedule-I species. PP has submitted the application to DFO dated 21.3.2022</p>	
13	<p>The environmental clearance granted to the project/activity is strictly under the provisions of the EIA Notification 2006 and its subsequent amendments. It does not tantamount/ construe to approvals /consent/ permissions etc. required to be obtained or standards/conditions to be followed under any other Acts/ Rules/ Subordinate legislations, etc., as may be applicable to the project. The project proponent shall obtain necessary permission as mandated under the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981, as applicable from time to time, from the State Pollution Control Board, prior to construction & operation of the project.</p>	Noted and agreed to comply.
14	<p>Based on the proposal submitted by the project proponent and recommendations of the EAC (Industry-3), Ministry of Environment, Forest and Climate change hereby accords Environmental clearance for Setting up of Pesticides and pesticide specific intermediates & Synthetic Organic Chemicals of capacity 201480 TPA located at Plot no. 41/1, GIDC Notified Industrial Estate, Jhagadia, District Bharuch, Gujarat by M/s Aarti Industries Limited under the provisions of the EIA Notification, 2006, subject to the compliance of terms and conditions as under:-</p>	Noted and agreed to comply.
A	Specific Conditions	
i)	<p>The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All therecommendations made in the EIA/EMP and other Reports in respect of environmental management, and risk mitigation measures relating to the project shallbe implemented.</p>	Noted and agreed to comply.
ii)	<p>The project proponent shall utilize modern technologies for capturing of carbon emitted and shall also develop carbon sink/carbon sequestration</p>	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	resources capable of capturing more than emitted. The implementation report shall be submitted to the IRO, MoEF&CC in this regard.	
iii)	No banned dyes/chemicals/pesticides shall be manufactured by the project proponent. No banned raw materials/chemicals shall be used in the unit. The project proponent shall adhere to the notifications/guidelines of the Government in this regard.	Noted and agreed to comply.
iv)	The PP shall conduct the life cycle study within one year and the finding of the reports shall be communicated to the MoEFCC/IRO, MoEFCC Gandhinagar and the outcome of the study shall be implemented.	Noted and agreed to comply.
v)	The project proponent shall comply with the environment norms for Organic Chemical Industry as notified by the Ministry of Environment, Forest and Climate Change, vide GSR 608(E), dated 21.07.2010 under the provisions of the Environment (Protection) Rules, 1986.	Noted and agreed to comply.
vi)	The project proponent shall comply with the environment norms for 'Pesticide Industry' as notified by the Ministry of Environment, Forest and Climate Change, vide GSR 446 (E), dated 13th June 2011 under the provisions of the Environment (Protection) Rules, 1986.	Noted and agreed to comply.
vii)	Necessary precautions shall be taken to avoid accidents and action plan shall be implemented for avoiding accidents. The Project proponent shall implement the onsite/offsite emergency plan/mock drill etc. and mitigation measures as prescribed under the rules and guidelines issued in the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended time to time, and the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996.	Noted and agreed to comply.
viii)	Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB servers. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.	Noted and agreed to comply.
ix)	The storage of toxic/hazardous raw material shall be bare minimum with respect to quantity and inventory. Quantity and days of storage shall be submitted to the Integrated Regional Office of Ministry and SPCB along with the compliance report.	Noted and agreed to comply.
x)	The treated waste water of 193 KLD shall be discharged into NCT for deep sea discharge. Effluent of 5387 quantity shall be treated through ETP+ATFD+ETP+RO+STP.	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

xi)	Total fresh water requirement shall not exceed 4278.1 m ³ /day will be met from GIDC, Necessary permission obtained in this regard shall be renewed from time to time.	Noted and agreed to comply.
xii)	Occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/mask for personal protection.	Noted and agreed to comply.
xiii)	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Safety and visual reality training shall be provided to employees.	Noted and agreed to comply.
xiv)	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.	Noted and agreed to comply.
xv)	Necessary precautions shall be taken to avoid accidents and action plan shall be implemented for avoiding accidents.	Noted and agreed to comply.
xvi)	Process organic residue and spent carbon, if any, shall be sent to Cement and other suitable industries for its incinerations. ETP sludge, process inorganic & evaporation salt shall be disposed of to the TSDF.	Noted and agreed to comply.
xvii)	The Solvent management shall be carried out as follows: (a) Reactor shall be connected to chilled brine condenser system. (b) Reactor and solvent handling pump shall have mechanical seals to prevent leakages. (c) Solvents shall be stored in a separate space specified with all safety measures. (d) Proper earthing shall be provided in all the electrical equipment wherever solvent handling is done. (e) Entire plant shall be flame proof. The solvent storage tanks shall be provided with breather valve to prevent losses. (f) All the solvent storage tanks shall be connected with vent condensers with chilled brine circulation.	Noted and agreed to comply.
xviii)	The Volatile organic compounds (VOCs)/Fugitive emissions shall be controlled at 99.97% with effective chillers/modern technology.	Noted and agreed to comply.
xix)	The Storm water from the roof top shall be channelized through pipes to the storage tank constructed for harvesting of rain water in the premises and harvested water shall be used for various industrial processes in the unit. No recharge shall be permitted within the premises. Process effluent/ any wastewater shall not be allowed to mix with storm water.	Noted and agreed to comply.
xx)	The green belt of at least 5-10 m width shall be developed in nearly 33 % of the total project area, mainly along the plant periphery. Selection of	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map. Trees have to be planted with spacing of 2m x 2m and number of trees has to be increased accordingly. The plant species can be selected that will give better carbon sequestration and plantation shall be completed in first year itself.	
xxi)	The activities and the action plan proposed by the project proponent to address the socio-economic issues in the study area, shall be completed as per the schedule presented before the Committee and as described in the EIA/EMP report in letter and spirit	Noted and agreed to comply.
xxii)	A separate Environmental Management Cell (having qualified person with Environmental Science/Environmental Engineering/specialization in the project area) equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Noted and agreed to comply.
B	General Conditions The grant of environmental clearance is further subject to compliance of other general conditions as under:-	Noted and agreed to comply.
i)	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Noted and agreed to comply.
ii)	The Project proponent shall strictly comply with the rules and guidelines issued under the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989, as amended time to time, the Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996, and Hazardous and Other Wastes(Management and Trans-Boundary Movement) Rules, 2016 and other rules notified under various Acts.	Noted and agreed to comply.
iii)	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.	Noted and agreed to comply.
iv)	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards	Noted and agreed to comply.

Compliance report of EC Identification No. [EC22A017GJ128773](#) Dated 08/06/2022 for the period of April 2024 to September 2024

	prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).	
v)	The company shall undertake all relevant measures for improving the socioeconomic conditions of the surrounding area. The activities shall be undertaken by involving local villages and administration. The company shall undertake ecodevelopmental measures including community welfare measures in the project area for the overall improvement of the environment.	Noted and agreed to comply.

PM'S DAY-LONG VISIT TO HOME STATE

Lessons from state paved way for healthcare schemes: Modi

AVINASH NAIR
NAVSARI, JUNE 10

EXPERIENCES DRAWN from Gujarat's healthcare sector are now benefiting the poor across the country, said Prime Minister Narendra Modi in Navsari Friday. He elaborated that healthcare schemes such as Ayushman Bharat Yojana, Mission Indradhanush and Pradhan Mantri Matru Vandana Yojana (PMMVY) were inspired from the state.

"During the past eight years, in order to improve the health sector of the country, we have stressed on a holistic approach. We have not only tried to modernise the healthcare services, but also connected behavioural issues such as better nutrition and clean lifestyle to preventive healthcare. The effort is to save the poor and the middle-class from diseases; thus, limit the spending on treatment," said PM Modi after inaugurating the 500-bed Niral Multi-specialty Hospital within the AM Naik Healthcare Campus at Navsari. The campus is named after L&T group chairman AM Naik and the hospital after his granddaughter who passed away at the age of two due to cancer.

Citing several examples of healthcare initiatives taken in Gujarat, PM Modi narrated how these schemes launched during his tenure as chief minister of the state benefited the weaker sections of the society. "In Gujarat, health infrastructure has improved and health indicators are

PM Narendra Modi inaugurates AM Naik Healthcare Complex and Niral Multi Speciality Hospital in Navsari. Express

steadily improving. In the third Sustainable Development Goals Index, Gujarat has topped the country. When I was the chief minister, we had undertaken several measures to take healthcare to the poor. Those experiences are now benefitting the poor across the country," he said.

The remarks come at a time when the Opposition parties, especially the Aam Aadmi Party, have been highlighting the lacuna in the healthcare and education system in poll-bound Gujarat. "We had created a roadmap for 'Swasth Gujarat, Ujwal Gujarat' and through Mukhyamantri Amrutum (MA) Yojana, we had provided upto Rs 2 lakh worth of healthcare to the poor for free. The experiences from this scheme led to the creation of Ayushman Bharat Yojana that provided free healthcare worth Rs 5 lakh to the poor," Modi told the gathering primarily consisting of officials from

L&T and Niral Memorial Trust that manages the AM Naik Healthcare Campus. Gujarat chief minister Bhupendra Patel, state BJP president CR Paatil and L&T Group chairman AM Naik were among those who shared the stage with PM Modi.

The Prime Minister pointed out that under Ayushman Bharat Yojana, more than 40 lakh poor patients have been treated in the state. It has also provided savings worth Rs 7,000 crore to the patients.

"After coming to the Centre, Gujarat's Chiranjeevi and Khilkhilat schemes were expanded across the country as Mission Indradhanush and Pradhan Mantri Matru Vandana Yojana last year. "Crores have been deposited in the bank accounts of these women so that they can take care of their nutri-

tional needs during pregnancy. Similarly, under Mission Indradhanush, lakhs of children have been vaccinated in Gujarat," he added.

PM Modi also remembered how 14 lakh pregnant women have benefited under the Chiranjeevi Yojana launched when he was at the helm in Gujarat. He also narrated how 108 ambulances were modified to carry mothers and their newborns from the hospital to their respective homes under the 'Khilkhilat scheme'. "Through this scheme, we also ensured that the health of newborns continues to be monitored even after they reach homes," he added.

Talking about how the Gujarat Cancer Research Institute in Ahmedabad has more than doubled its capacity to 1,000 beds and how the Kidney Institute in the same city was being modernised and expanded, Modi said, "During the past 20 years (of BJP rule in Gujarat), the health sector of Gujarat achieved new milestones. Remarkable work has been done in creating health infrastructure in cities and villages. Thousands of health centres have been formed in rural areas, primary healthcare centres have been built, 600 Deendayal Ayushadhalays have been built in cities. In the government hospitals in Gujarat, facilities for providing advanced treatment for diseases such as cancer exist." He also said how smaller cities like Jamnagar, Bhavnagar, Rajkot and Vadodara have modern facilities for treating cancer.

There are 12 board members including Goenka, along with UGC chairman Prof M Jagadeesh Kumar, Sandhya Sharma IAS, former secretary of earth sciences Shailesh Nayak and Bhaskaracharya Institute for Space Applications and Geoinformatics (BISAG) director Tej Pal Singh, among others. Clarifying that ISRO, NewSpace India Ltd (NSIL) and IN-SPACE will play "very different" roles, Goenka explained that NSIL, a public sector enterprise, will be the "commercial arm of the government in space, with the role to commercialise what ISRO does." "So basically, NSIL will not get involved from agency to agency but let's say (if) the private sector wants to use ISRO launchpad or ISRO rocket for a launch, they will go to NSIL to do this as it's a commercial agreement. There can be a country-to-country deal with NSIL. ISRO, when it was conceived originally, was not meant to do anything with the private sector. Now when we are trying to see how ISRO's facilities, technology

IN-SPACE: Role, mandate and the way forward

SOHINI GHOSH
AHMEDABAD, JUNE 10

THE INDIAN Space Promotion and Authorization Centre (IN-SPACE) is expected to hold its second board meeting Saturday—the first at the newly inaugurated headquarters in Ahmedabad, said IN-SPACE Chairperson Pawan Goenka. This comes even as a new Indian space policy is expected as soon as within a month.

In a media interaction Friday, Goenka said some of the issues on the expected agenda for the board meeting will include "the board defining powers of the chairman" who, in turn, "will define the powers of the director". Further, five proposals will be put up before the board for authorisation to start the work from the 10 MoUs that were exchanged Friday with IN-SPACE at the inaugural ceremony.

"As of now, we cannot sign authorisation without board approval but the board may decide that for certain kinds of things the chairman can take decisions," said Goenka.

There are 12 board members including Goenka, along with UGC chairman Prof M Jagadeesh Kumar, Sandhya Sharma IAS, former secretary of earth sciences Shailesh Nayak and Bhaskaracharya Institute for Space Applications and Geoinformatics (BISAG) director Tej Pal Singh, among others.

Clarifying that ISRO, NewSpace India Ltd (NSIL) and IN-SPACE will play "very different" roles, Goenka explained that NSIL, a public sector enterprise, will be the "commercial arm of the government in space, with the role to commercialise what ISRO does." "So basically, NSIL will not get involved from agency to agency but let's say (if) the private sector wants to use ISRO launchpad or ISRO rocket for a launch, they will go to NSIL to do this as it's a commercial agreement. There can be a country-to-country deal with NSIL. ISRO, when it was conceived originally, was not meant to do anything with the private sector. Now when we are trying to see how ISRO's facilities, technology

and infrastructure can be used by the private sector, NSIL plays that role," said Goenka.

On the other hand, the private sector should approach IN-SPACE for all their needs. "So if they need to use any facility from ISRO, they will come to IN-SPACE. If they want any technology, they will come to IN-SPACE. IN-SPACE will work with ISRO and NSIL to transfer that technology through NSIL to the private sector. So, basically IN-SPACE is creating a single window for the private sector to approach the government for any space-related activity. Actual execution can be done by ISRO, NSIL and over time, maybe even by IN-SPACE," Goenka explained. IN-SPACE will also work to connect the private sector globally to take their technology and infrastructure to get business from outside.

However, attracting business interest of other nations would not only involve technical and commercial capabilities, but will also involve a "diplomatic angle" requiring involvement of embassies and high commissions, added Goenka.

"...it is not just driven by cost, there are many other angles involved, including security and political relationships. So identifying countries (of opportunities) is something that will have to be worked out with the Ministry of External Affairs but we are looking at countries that don't have their own space infrastructure but require space outcomes. There is no country in the world today that does not require space-based data," added Goenka.

Meanwhile, Goenka said the new space policy, expected to be out in a month's time, "will address everything". "Currently, the space policy is of 1997 and another policy for remote-sensing, which is very old. At that time, there was no thought of private players being in space. The new policy has been written with the primary objective to enable private players to be in this sector..."

DAY-LONG EVENT FOR PUBLIC PROSECUTORS GNLU To HOLD SYMPOSIUM

A symposium for public prosecutors will be organised by the Gujarat National Law University (GNLU) on June 12, with aim to increase conviction rate of criminal cases in the state.

Congress workers protesting against a drawing of BJP's electoral symbol, 'Lotus', over a mural of Mahatma Gandhi are being detained by police in Ahmedabad. Nirmal Harindran

PROTEST AGAINST 'LOTUS' ON GANDHI MURAL 10 Congress workers detained in Ahmedabad

VAIBHAV JHA
AHMEDABAD, JUNE 10

AROUND A dozen Youth Congress workers were detained Friday from the Income Tax Circle in Ahmedabad for holding a protest against a drawing of BJP's "lotus" symbol over a Mahatma Gandhi mural at the Income Tax Overbridge wall.

The lotus symbol was painted recently in the wake of the upcoming Gujarat assembly elections. The BJP symbol over the Gandhi mural was first reported by The Indian Express.

On Friday, youth Congress workers, who assembled at the Income Tax Crossroads Friday noon where an iconic statue of Mahatma Gandhi has been installed, shouted slogans against the BJP calling it an insult to the legacy of the Father of the nation and demanded that the drawing be removed immediately.

"We have no problem with any political party painting its symbols over public walls but the manner in which the BJP has insulted Gandhi by defacing his mural shows they are the true worshippers of Nathuram Godse and hate Gandhi. We wanted to protest against this draconian step

by the BJP but within minutes, we were detained by the police," Gaurang Makwana, general secretary of Gujarat Youth Congress, told The Indian Express.

A senior police official of Vadaj Police Station said 10 Congress workers were detained and brought to the police station for organising the protest without police permission. "The workers were released after two hours without any charges," said the police official.

"The BJP has become drunk on power and this dastardly act only shows their arrogance that now they no longer need the pretense of respecting Gandhiji," said Vishalsinh Gurjar, president, Ahmedabad Youth Congress.

In 2019, Amit Shah inaugurated the Income Tax overbridge that overshadowed the Gandhi statue.

In March this year, Gujarat BJP president CR Paatil had initiated a state-level drive for party workers to paint lotus election symbols on public walls in cities ahead of the assembly elections campaign. Soon, the Congress and the Aam Aadmi Party had also started painting their election symbols, 'hand' and 'broom' respectively, right next to the lotus symbols on public walls.

PM meets his primary school teacher in Navsari

EXPRESS NEWS SERVICE
NAVSARI, JUNE 10

PRIME MINISTER Narendra Modi met his 89-year-old primary school teacher Jagdish Naik at the inaugural event of a Multispecialty and Cancer hospital complex at Navsari on Friday afternoon.

Sources said that Naik was accompanied by his daughter and son-in-law who had VIP invitations.

Naik had sent a word to PM Narendra Modi identifying himself as his primary school teacher when he was studying in a school at Vadnagar, said the source. PM Modi invited him to a private room, where the two met.

Confirming the meeting, Gujarat BJP president CR Paatil, who was also present, said, "The meeting was excellent, and the teacher felt proud of his student

PM Narendra Modi greeting Jagdish Naik in Navsari on Friday. Express

who had become prime minister of India. Naik had put his hand on the head of PM Modi and blessed him. It was a pleasant and memorable moment for us and for them, as after a long time, they met each other," Paatil added.

Sources said that Naik stays with his daughter who works in the irrigation department.

Preparations underway for PM Modi's June 18 visit

EXPRESS NEWS SERVICE
GANDHINAGAR, VADODARA, JUNE 10

ON HIS second visit to home state Gujarat in June, Prime Minister Narendra Modi is set to visit Vadodara city on June 18 to address a Mahila and Janshakti Sammelan at Leprosy Ground. Preparations for the event are in the final stages.

An official release stated that arrangements include special domes raised with German technology at the venue. Lakhs of people, especially women from five districts of Central Gujarat, are expected to attend the event.

The release added works related to carpeting of roads, parking facilities, lighting and ancillary facilities are also nearing completion. Medical teams, including 108 ambulance service, will be deployed at the venue. Considering the heat con-

ditions, facilities of buttermilk (in collaboration with Baroda Dairy), drinking water and ORS sachets will also be kept for the public.

The district administration is also preparing to install mobile toilets for public convenience near the venue of the PM's programme.
